

ART FOR EVERYONE

1003-D W 7th Street Frederick, MD 21710

To Who It May Concern,

I am writing you to propose an opportunity to bring our community closer together. My name is Michelle Brown and I own a local pottery studio called Hot Fired Arts on 7th Street in Frederick. My studio proudly produces high quality, kiln fired ceramics.

To reach out to my community, I was hoping to partner with your school to have a fun afternoon or evening for families to get creative for the holidays. These hand painted ornaments make great gifts, and are generously sized. I believe that this activity will become a tradition for these families for years to come.

My ornaments are priced at \$10 each with over 25 different styles to choose from. I will supply all supplies, glazing, and firing of items, you just need to provide a space to hold the event. I will supply you with the necessary advertising, so long as you spread the word.

Please let me know if you would like to move forward in what I think would be a well received and popular event in our community.

Michelle Brown
